

Indoor Biotechnologies presentations at the AAAAI meeting Washington DC

Friday, March 13th, 2009

2:00 pm -5:00 pm

Session Number: 1607

Session type: Course

Title: Structural Biology and Immune Response to Allergenic Proteins and Carbohydrates

Martin D. Chapman, PhD FAAAAI, as Moderator

2:30pm

Structure Function Relationship in Asthma Associated Allergens

Anna Pomes, PhD FAAAAI

Sunday, March 15th, 2009

9:45 am – 10:45am

Session Number: 4603

Session type: Sunday BCI Poster Session 2

Abstract number: 355

Title: Thymic Stromal Lymphopoietin Potentiates the Immunomodulatory Effects of H22-Fel d 1 in Highly Atopic Subject

K. E. Hulse et al.,

JACI 123(2), S95, 2009

Monday, March 16th, 2009

9:00 am – 10:45 am

Session Number: 4206

Session type: Monday EORD Poster Session 2, 4206

Abstract number: 658

Title: Quantification of *Stachybotrys chartarum* Sch34 Antigen Using ELISA and Fluorescent Multiplex Array Technology

B. R. Smith et al.,

JACI 123(2), S172, 2009

10:45 am – 12:00 pm

Session Number: 4304

Session type: Symposium

Title: New Developments in Structure and Allergenicity of Food and Inhalant Allergens

Anna Pomes, PhD FAAAAI, as Moderator

1:45 pm – 3:15 pm

Session Number: 4603

Session type: Oral Abstract Session/Airborne Allergens, Environmental Exposure Assessment and Abatement

Abstract number: 804

Title: Crystal Structure of Der f 1, Der p 1 and a Der f 1 Allergen-Antibody Complex: Localization of Antibody Binding Epitopes

M. Chruszcz et al.,

JACI 123(2), S209, 2009

Abstract number: 807

Title: Performance Evaluation of Allergen Exposure Assessment using Fluorescent Multiplex Array Technology: - A Multi-Center Ring Trial -

E. M. King et al.,

JACI 123(2), S210, 2009

4:45 pm – 6:00 pm

Session Number: 4801

Session type: Workshop – Q & A

Title: Nuts and Bolts of Reviewing Scientific Papers

Martin D. Chapman, PhD FAAAAI, as Moderator

Scientific Journals: How to Compose Concise, Objective and Meaningful Reviews of Manuscripts Submitted

Martin D. Chapman, PhD FAAAAI

Tuesday, March 17th, 2009

9:45 am – 10:45 am

Session Number: 5204

Session Type: Tuesday EORD Poster Session 1

Abstract number: 876

Title: Recombinant Der p 7 Constitutively Expressed in a Eukaryotic System Shows the Same Antigenic Properties as the Natural Allergen

J. Glesner et al.,

JACI 123(2), S227, 2009

Abstract number: 885

Title: The X-Ray Crystal Structure of Two Complexes of the Cockroach Allergen Bla g 2 with Fragments of Monoclonal Antibodies Defines Two Non-overlapping Epitopes

Anna Pomes et al.,

JACI 123(2), S229, 2009

Abstract number: 888

Title: Purification of Serine-protease Free nDer p 1 by Affinity Chromatography

S. Wuenschmann et al.,

JACI 123(2), S230, 2009

9:45 am – 10:45 am

Session number: 5205

Session type: Tuesday EORD Poster Session 2

Abstract number: 897

Title: Optimization of a Multiplex Array for Indoor Allergens – Influence of Streptavidin-Phycoerythrin (SAPE) Lots on Assay Performance

M. Tandon et al.,

JACI 123(2), S232, 2009

3:45 pm – 5:00 pm

Session Number: 5704

Session type: Workshop – Q & A

Title: Carbohydrate Allergens: Just as Important as Proteins?

Anna Pomes, PhD FAAAAI, as Moderator
